

Company Introduction

Capital Asset Exchange and
Trading, LLC

Our Mission

With a background in finance, technology and customer management, our team focuses on safe, comprehensive and effective market access points. We are serious about creating a company that delivers excellent customer results in every transaction.

Company Profile

- Established: 1982
- Representative: President and CEO Ryan F. Jacob
- Location: (Headquarters) Austin, Texas, USA
- Business: Purchase and sale of used semiconductor equipment
- Number of employees: Approximately 200
- Employee location :

America :

(HQ) Austin, TX
Dallas, TX
New York, NY
Los Angeles, CA
Santa Clara, CA
Greensboro, NC
Boston, MA
Colorado Springs, CO

Europe :

(EU Office) Budapest, Hungary
Zurich, Switzerland
Gomel, Belarus

Asia :

(Asia Office) Taipei, Taiwan
Tokyo, Japan
Osaka, Japan
Seoul, South Korea
Singapore, Singapore
Kuala Lumpur, Malaysia
Shenzhen, China
Nanjing, China
Shanghai, China
Chengdu, China
Suzhou, China
(Data Team), India

Transaction/Trading Process

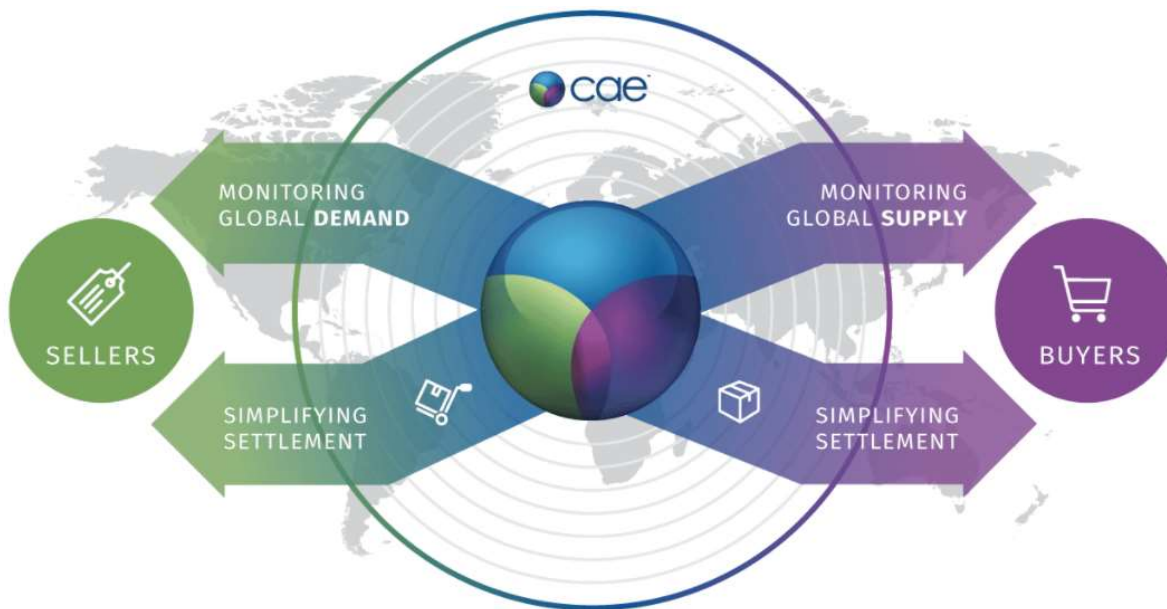

※All Transactions are 100% cash up front

Handling Equipment

- We make purchases throughout the semiconductor value chain, from manufacturing materials to printed circuit boards. ◦

FRONT-END PROCESSING EQUIPMENT	Diffusion Furnaces & Accessories	Lasers	Power Supplies	Sputtering Systems	Crystal Growing, Sawing & Slicing
	Etchers / Ashers	Mask & Wafer Inspection	Rapid Thermal Processors	Wafer & Mask Scrubbers	Box Coaters
	Evaporators	Mask Aligners	Reactors	Wafer Grinding, Lapping & Polishing	Box Washers
	Exposure Systems	Molecular Beam Epitaxy	Scanning Electron Microscopes	Wafer Steppers	
	Flat Panel Display	Other Wafer Processing	Spare Parts	Wafer Testing And Metrology	
	Ion Implanters & Monitors	Ovens / Furnaces	Spectrometers	Wet Stations	
	Ion Milling	Photoresist	Spectrophotometers	Solar Production Equipment	
BACK-END PROCESSING EQUIPMENT	Bonders	Electronic Test Equipment	Lasers	Packaging	Scribing / Dicing
	Burn-in Systems	Final Test	Marking Machines	Power Supplies	Spare Parts
	Die Attachers	Handlers	Ovens / Furnaces	Probers	X-ray
PC BOARD ASSEMBLY AND MANUFACTURING EQUIPMENT	PC Board Assembly And Manufacturing	Power Supplies	Placement Machines	Reflow Ovens	
	PC Board Test	Spare Parts	Screen Printers	PC Board Support Equipment	
	Pcb Solder Machines	X-ray	PC Board Inspection		
LAB EQUIPMENT	Centrifuges	Lasers	Particle Counters	Spectrometers	X-ray
	Ellipsometers	Leak Detectors	Power Supplies	Residual Gas Analyzers	
	Environmental Chambers	Microscopes	Residual Gas Analyzers	Scanning Electron Microscopes	
	Lab Equipment And Accessories	Optical Comparators	Scanning Electron Microscopes	Spare Parts	
	Laminar Flow And Fume Hoods	Ovens / Furnaces	Spare Parts	Spectrometers	
FACILITIES EQUIPMENT	Chillers - Industrial	Gas Cabinets	Particle Counters	Residual Gas Analyzers	
	Chillers - Recirculating, Heat Exc...	Leak Detectors	Power Supplies	Spare Parts	
	Facilities Equipment	Machine Tools	Pumps	Mask Generation & Production	

Strengths of CAE

- **Managing Global Supply And Demand**

Our team leverages a network of thousands of proven relationships with leading IDMs, foundries, research centers, and universities around the world to effectively understand demand, supply, and quality and logistical reality of all assets in the market.

- **Simplifying Settlement**

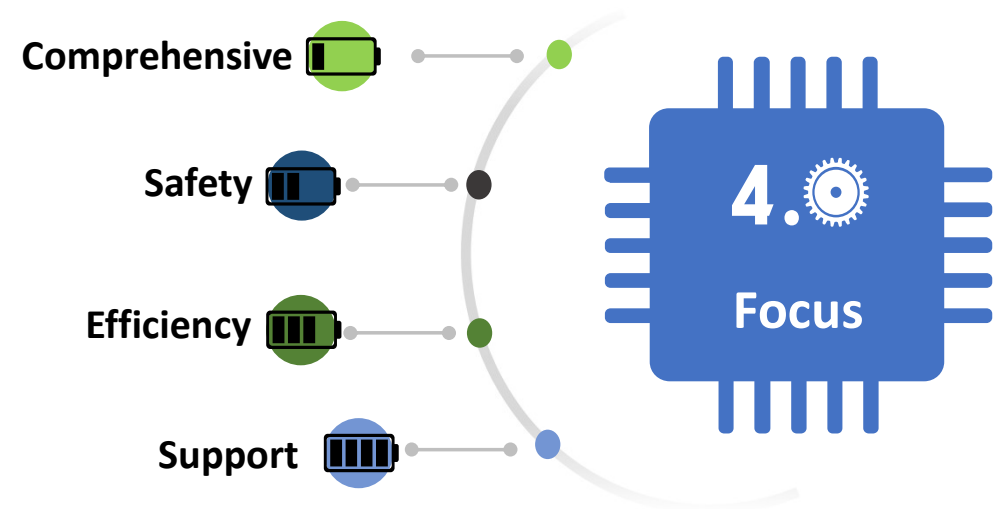

CAE's internal Logistics and Risk Management team manages all elements of safely validating assets, import/export compliance, and managing the physical removal, packing, and shipping of assets globally

CAE seeks to make purchasing physical commodities in the semiconductor market straightforward. Once an asset or group of assets is selected, and diligence performed, CAE ensure physical settlement is seamless.

Strengths of CAE

- **Comprehensive:** Utilizing our platform and team experience, we match your needs to available assets quickly and at the best possible price. In the past two years, we've completed deals for over 1,200 returning clients, with more than 500 clients who purchase through our platform on a regular basis
- **Safety:** Our market reach and industry experience enable us to provide an accurate and complete view of the quality of every item. And if something goes wrong at any stage of a transaction, we find a resolution.
- **Efficiency:** We have teams all over the world. We move quickly and will immediately fund purchases, often completing deals in less than 24 hours.
- **Support:** Our dedicated settlement team supports import/export compliance, de-installation, rigging, crating, storage, and shipping on a global basis.

THANK YOU
